

Dr JEAN-LOUIS ETIENNE

> *Doctor - explorer*

French, Born in 1946.

Specialized in nutrition and biology of the sport, Dr Jean-Louis ETIENNE has taken part as MD, and organized various expeditions to the Himalayas, Patagonia, Arctic and Antarctic regions.

A tireless advocate of environmental conservation, Dr Jean-Louis ETIENNE organized expeditions to the Polar regions aboard **Antarctica**, a unique sailing ship for the polar exploration. To heighten public opinion's awareness of their role in the earth's climatic and life cycle, he is running Educational Programs.
